

Knobstone Trail Mini

Race day information for participants

7:30 a.m. Check in opens

9:00 a.m. Race announcements

9:05 a.m. Start of race All distances (5k, 10k, 10m & 13.1m) will start at the same time.

USATF wavier must be signed to receive the race bib

Your bib number must be pinned to the FRONT of your shirt or shorts. Your bib number must be visible to finish line personnel.

Mini marathon (13.1 mile) runners will have a pink ribbon attached to their bib. You must remove this ribbon when entering the final 3-mile loop. This is to help traffic directors know which runners have completed the loop and are ready to head to the finish line up the road.

Aid stations with water and Gatorade are located at approximately 3-mile intervals.

If you are injured on the course and unable to continue with the race, please check in at the nearest aid station possible. You will be transported back to the finish when the aid station closes.

Wasps & Yellowjackets are active though September, be careful of active hives on the trail and carry a EpiPen pen if allergic to bee stings.

If you run a distance other than that for which you are registered, you must inform the timing personnel at the finish what distance you completed. This is the only way we can keep accurate results.

Amateur radio personnel are out on the course to help with communication. Cell phone connections are intermittent in the area.

Race results will be posted at the race shelter on race day. Complete results will be posted online at www.hoosierhikerscouncil.org later in the day.

Race photos will be posted on Hoosier Hikers Council's Facebook page or website.

At the end of the race enjoy the food at the shelter house and check out Phil's famous trail soup and hot cider.

Extra Knobstone Mini race t-shirts may be available for sale at the shelter house.

Thanks for running with us!
