

Knobstone Trail Run

Race day information for participants

7:30 a.m. Check in opens. **USATF waiver must be signed to receive a race bib.**

9:00 a.m. Race announcements.

9:05 a.m. Start of race - all distances will start at the same time.

- Your bib number must be pinned to the **FRONT** of your shirt or shorts. Your bib number must be visible to finish line personnel.
- Half-marathon runners have a pink ribbon attached to their bib. This ribbon will be removed when entering the final 3-mile loop (at Aid Station #4). This allows traffic directors know which runners have completed the loop and should head to the finish line.
- Aid stations with water/Gatorade are located at approximately 3-mile intervals.
- If you are injured on the course and unable to continue, please check in at the nearest aid station if possible. You will be transported back to the finish when the aid station closes. First aid will be available for injuries incurred during the run.
- Wasps and bees can be active though October. Be alert to active hives and carry an EpiPen if you are allergic to bee/wasp stings.
- If you run a distance other than the one for which you are registered, please inform timing personnel at the finish. This is the only way we can keep accurate results.
- Cutoff time for the half-marathon is 11:30 a.m. at Aid Station #4 (10 miles into the race).
- Radio personnel are on the course to help with communication. Cell phone reception is intermittent in the area.
- Race results will be posted at the race shelter on race day. Complete results will be posted on the race website later in the day.
- Race photos will be posted on Hoosier Hikers Council's Facebook page or website.
- At the end of the race, enjoy the food at the shelter house.
- Extra Knobstone race shirts may be available for sale at the shelter house.

Thanks for running with us!
